

ANNUAL REPORT FOR THE YEAR 2017

Good Evening Ladies and Gentlemen,

Hon'ble, Chief Guest of this evening, Dr, Sanghamitra Mishra, Prof. in Odia (Retd.), Sri Raghunath Mishra, Chairman of the School Managing Committee, Dr. Ashwini Kumar Tiwari, Vice Chairman, Manager Sri Pratap Kumar Jena, Addl. Manager Sri Chitaranjan Bairisal, Members of the G.B., E.B. and SMC, Distinguished Guests, Parents, my colleagues, my dear students and friends from the Media.

At the outset, I heartily welcome you all to the 12th Annual Function of the School.

As we turn the pages of the School's history, we feel proud that we have traveled a challenging journey of 11 successful years with a humble beginning in 2006. Today the school stands tall with 1600 students and 165 staff members. It has all been possible only because of the great partnership among the dedicated and co-operative members, the committed and competent staff members, the patronizing and supportive Management. We sincerely offer our thanks to all the parents for their whole hearted co-operation that they have extended in the establishment and growth of the school.

As we look ahead we still have a challenging and uphill task to fulfill. Our first batch will appear its Class – XII Board Exams in 2018.

INFRASTRUCTURE

The school is committed to meet all requirements for today's children to develop their personality to the fullest and provide a stress free and play way method of education.

We have adopted a Child Centered approach and activity based process of learning. We give our students something to remember for life – that which will make them precious citizens and mature human beings. This is what makes B.J.E.M. School – II, one of the premier schools in Odisha.

Since Holistic education demands development of all aspects of individual's personality including the cognitive, effective and psychomotor domain, therefore, we pay much attention and emphasize to the development of interest, hobbies and passion of learners. It is thus essential that due importance be given to participate in co-curricular activities like music, art, dance, dramatics and other areas of one's interest to make life more fulfilling and enjoyable. Due to acquisition of additional life skills students are expected to meet different life situations with greater maturity.

Keeping this in view several dynamic activities were conducted round the year to provide ample opportunity to our pupils for developing their creativity and enhance their budding talents. Various competitions on literary activities like mono action, art, dance, music, pot painting, creative writing were organized for the students to help them gain self confidence in the respective fields.

Annual Exhibition was organized which helped the children to express their creative abilities. The Annual Cultural and Science Exhibitions for the current session were held this year where students exhibited their art, craft and science projects.

The teachers attended various workshops for their professional development.

Parents-Teachers meeting was organized to sort out student's academic problems.
